

## **PUT ME ON MY FEET AGAIN**

Verse 1: Just another day like the one that passed;  
Got no hope at the end of this day.  
Have to hang on now how long will it last;  
I'm the one who made it this way

Verse 2: The road seems darker as I keep going.  
It's starting to close in and I see no end.  
Cold and harsh the wind is now blowing.  
Right now I could really use a friend!

Chorus: Walk with me Jesus, and show me the way.  
Hold on to me Lord, and I'll be okay.  
And when I fall down, as I will now and then;  
Please help me back up, and put me on my feet again.

Verse 3: The day is getting better, then something brings me down.  
Maybe words from another that causes me to frown.  
Instead of doing what I know would be right.  
Didn't get my way, so I begin to fight.

Verse 4: What gets accomplished, if I go to war?  
And turn my face from a neighbor, just close the door?  
Why should I even lend them a hand?  
Maybe we can't communicate, 'cause I don't understand?

Chorus:

Bridge: Hold on (hold on), help me change my ways;  
Lord let me give you all my praise.  
Hang on (hang on), it won't be long;  
for all of my weakness to be gone.  
Reach out (reach out), reach out for a hand;  
sisters and brothers, together we stand.  
Shout, (shout), let us all be heard;  
shout (shout) tell all about God's Word.

Chorus: (twice)
